# Outer centering ring

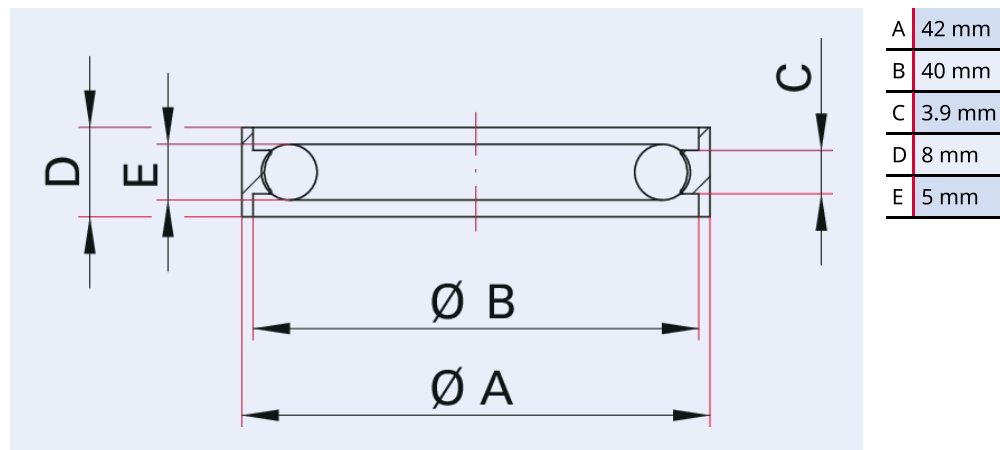

Illustration only

## Outer centering ring, stainless steel, FKM, DN 25 ISO-KF

- Available in aluminum, stainless steel or plastic

## Dimensions

## Technical Data

| Outer centering ring, stainless steel, FKM, DN 25 ISO-KF |                            |
|----------------------------------------------------------|----------------------------|
| O-ring material                                          | FKM                        |
| Temperature range                                        | 15 - 150 °C                |
| Connection flange                                        | DN 25 ISO-KF               |
| Material                                                 | Stainless steel 1.4301/304 |
| Temperature range max.                                   | 150 °C   302 °F   423.15 K |
| Temperature range min.                                   | 15 °C   5 °F   258.15 K    |

| Order number                                                | Outer centering ring, stainless steel, FKM,<br>DN 25 ISO-KF |
