# Reducing piece, conical

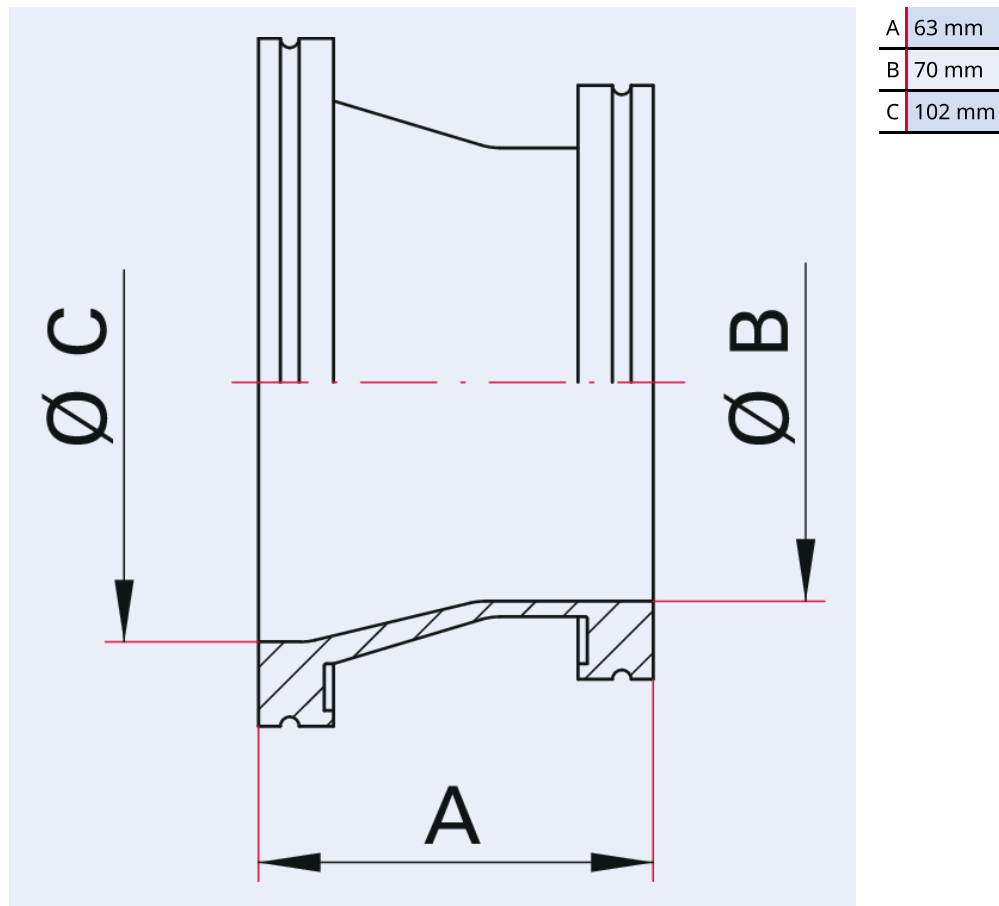

PFEIFFER 

Illustration only

**Conical reducing piece, stainless steel 304/1.4301, DN 100/63 ISO-K**

## Dimensions

| Technical Data                  | Conical reducing piece, stainless steel<br>304/1.4301, DN 100/63 ISO-K                                                                                 |
|---------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| Materials in contact with media | Stainless steel 1.4301 (AISI 304)                                                                                                                      |
| Nominal diameter reduced        | DN 63 ISO-K                                                                                                                                            |
| Temperature range               | 196 – 300 °C                                                                                                                                           |
| Connection flange               | DN 100 ISO-K / DN 63 ISO-K                                                                                                                             |
| Pressure range                  | $1 \cdot 10^{-8}$ hPa – $5 \cdot 10^2$ hPa over pressure<br>(elastomer seal); $1 \cdot 10^{-9}$ hPa – $5 \cdot 10^2$ hPa over<br>pressure (metal seal) |
| Temperature range max.          | 300 °C   572 °F   573.15 K                                                                                                                             |
| Temperature range min.          | 196 °C   320.8 °F   77.15 K                                                                                                                            |

| Order number                                                           | Conical reducing piece, stainless steel<br>304/1.4301, DN 100/63 ISO-K |
|------------------------------------------------------------------------|------------------------------------------------------------------------|
| Conical reducing piece, stainless steel<br>304/1.4301, DN 100/63 ISO-K | 320RRK100-063-63                                                       |
