# VCR Adapter, male

Illustration only

**VCR-adapter, male, flange stainless steel 304L, VCR spigot: 316L/1.4404, DN 16 CF**

- Original Swagelok® VCR-Adapter
- Other flange sizes and VCR adapters on request

## Dimensions

| Technical Data         | VCR-adapter, male, flange stainless steel 304L, VCR spigot: 316L/1.4404, DN 16 CF                        |
|------------------------|----------------------------------------------------------------------------------------------------------|
| VCR connection         | 1/4"                                                                                                     |
| Temperature range      | 196 – 300 °C                                                                                             |
| Tightness              | $<1 \cdot 10^{-11}$ Pa m <sup>3</sup> /s   $<7.5 \cdot 10^{-11}$ Torr l/s   $<1 \cdot 10^{-10}$ mbar l/s |
| Connection flange      | DN 16 CF / G 1 1/4" VCR                                                                                  |
| Pressure range         | $1 \cdot 10^{-11}$ hPa – to ambient pressure                                                             |
| Material               | Flange: stainless steel 304L; VCR adapter: 1.4404/316L                                                   |
| Temperature range max. | 300 °C   572 °F   573.15 K                                                                               |
| Temperature range min. | 196 °C   320.8 °F   77.15 K                                                                              |

| Order number                                                                         | VCR-adapter, male, flange stainless steel<br>304L, VCR spigot: 316L/1.4404, DN 16 CF |
